

Residential Broadband Price Guide

Onestream Broadband Services

TrueFibre

Broadband Packages	Monthly Charge
Supreme Full Fibre 80 (average 62Mbps)	£40.95
Supreme Full Fibre 115 (average 100Mbps)	£45.95
Supreme Full Fibre 220 (average 200Mbps)	£49.95
Supreme Full Fibre 550 (average 500Mbps)	£54.95
Hyperstream Full Fibre 1000 (average 945Mbps)	£59.95

TrueFibre is used to describe FTTP (Fibre to the Premise) services. FTTP services provide an unbroken fibre connection all the way from an exchange directly to the property, offering speeds of up to 1Gbps. FTTP services are not provided with a voice service or telephone line as standard.

Broadband

Broadband Packages	Monthly Charge
Onestream 17 (average 11Mbps)	£29.95
Onestream Fibre 20 (average 17Mbps)	£29.95
Onestream Fibre 40 (average 38Mbps)	£34.95
Onestream Fibre 55 (up to 45Mbps)	£34.95
Onestream Fibre 80 (up to 67Mbps)	£37.95

All new Onestream broadband packages are provided without a PSTN line. This type of service is known as SoGEA (single order generic ethernet access) This means that the broadband will be delivered in the same way to your home via a copper cable but it will not carry a voice service.

Broadband & Wi-Fi Speeds

All Onestream broadband speeds referred to in this price guide, on our website or in any of our other materials are maximum download speeds, unless otherwise stated.

Broadband speeds are dependent on all hardware, computing and other equipment components meeting certain minimum specifications, being fully functional and working at full speed.

The operating range of wireless equipment can vary according to the layout of your home. Other factors can also impact internet speeds, such as the distance of your home from the network exchange, the number of people using the internet, the level of use of the internet and other environmental and technological influences.

Early Termination Fee (ETF)

An early termination fee may apply to you when you cancel your agreement with us during the 12, 18 or 24-month minimum term (whichever applicable). For more detail, please see our Terms & Conditions.

Your early termination fee is based on the services that make up your package and the number of months remaining until the end of your minimum term.

How we calculate your Early Termination Fee

Calculating your early termination is simple, the monthly termination fee for your service is multiplied by the number of months remaining. If you didn't pay an activation fee, or paid a reduced fee when you joined, the standard price for broadband activation will also be included in your early termination fee as well as the router if you have one.

Service	Monthly Termination Fee
Onestream Line Rental	£11.00
Onestream 17	£11.00
Onestream Fibre 20	£12.00
Onestream Fibre 40	£15.00
Onestream Fibre 55	£15.00
Onestream Fibre 80	£17.00
Supreme Full Fibre 80	£17.00
Supreme Full Fibre 115	£24.00
Supreme Full Fibre 220	£25.00
Supreme Full Fibre 550	£25.00
Hyperstream 1000	£25.00
PhoneLine+	£5.00
PhoneLine+ Pay As You Go	£5.00
PhoneLine+ 250	£6.00
PhoneLine+ 750	£7.00
PhoneLine+ Unlimited	£8.00

Any part month is rounded up to a full month. This means that if there are 3.5 months in between the date you leave and the end of your minimum term, the monthly termination fee is multiplied by 4 months.

Service	Activation Fee
Onestream Line Rental	£99.00
Onestream 17	£99.00
Onestream Fibre 20	£99.00
Onestream Fibre 55	£99.00
Onestream Fibre 80	£99.00
Supreme Full Fibre 80	£149.00
Supreme Full Fibre 115	£149.00
Supreme Full Fibre 220	£149.00
Supreme Full Fibre 550	£149.00
Hyperstream 1000	£149.00

Hardware	Termination Fee
Standard Router	£125.00
Superstream Router	£125.00
Superstream+ Router	£125.00
Mesh Unit	£49.95

Example

You are a Onestream Fibre 80 customer and you end your contract 4 months before the end of your minimum term. Your monthly termination fee would be **£17.00**, multiplied by 4 months remaining = **£68.00**

You didn't pay an activation fee when joining which means **£99.00** is added as well as a charge for your Superstream router of **£125.00**, making your total early termination fee is **£292.00**

Additional products you could be charged for:

Onestream Assured if activated (due to engineer visit) is charge at £4.95 multiplied by the number of months remaining.

Should your early termination fee charge not be settled within 30 days of your account being closed, an administration fee of £100 will be applied when your account is passed to debt collection.

Standard Direct Dialed Call Tariffs

Call charges are shown in 'pence per minute'. A charging period is determined by the time you are connected to the network. Charging is rounded up to the nearest minute. Fixed fee charges are not rounded up as these are not based on call duration. Call durations are accurate to the nearest second.

A call connection charge of 25 pence per call applies for all out of bundle calls, unless otherwise stated. The rates set out below only apply in respect of out of bundle usage.

Call bundle inclusive calls are subject to a 60-minute maximum duration per call. Standard call charges apply if you exceed the 60-minute maximum duration. To continue making inclusive calls simply hang up and redial before 60 minutes has elapsed.

Please be aware of any manufacturer-specific issues which may affect your call charges (such as your home phone manufacturer). For more information please refer to the device's documentation.

Calling Rates To UK Landline Numbers, Mobile Numbers & Text Relay/ NGTS

Number Type	Call Connection Fee (Pence)	Daytime	Evening	Anytime
0800, 0808, 0500 - (Freephone numbers)	Free	Free	Free	Free
084, 087	25	9.5	9.5	9.5

Numbers beginning 084 and 087 are general service numbers for contacting organisations, such as your bank, travel services and government departments.

Calling Rates To 09 & 118 Numbers

Numbers beginning 09 are 'premium rate' service numbers, while those beginning 118 are directory enquiry numbers.

The cost of calling these numbers will be split into two parts:

The Access Charge:

This is the cost of connecting your call from a Onestream home phone line. This will be charged, by us, at 25 pence a minute.

The Service Charge:

This is the remainder of the cost of the call. The service charge is decided by the organisation you call, who must communicate it clearly. For example, if the service charge is 20 pence a minute, the organisation you are calling might say: "Calls cost 20 pence per minute, plus your phone company's access charge".

By adding together our standard access charge and the service charge, you'll know exactly how much each call will cost.

0800 & 0808 numbers:

Numbers starting 0800 or 0808 are free from landlines.

Calling Rates to UK Non-Geographic Numbers

Telephone numbers starting 08, 09 and 118 are called service numbers. You might use them to call many types of services, including your bank, travel services, Government departments, or even to vote on TV shows.

On 1 July 2015, Ofcom (the UK communications regulator) changed the way these numbers are charged. These changes are designed to make the cost of calls clearer for you, and are being communicated through a campaign called UK Calling (please visit www.ukcalling.info/ for further information).

Calls to 084, 087, 09 and 118 numbers

Numbers beginning 084 and 087 are general service numbers for contacting organisations, such as your bank, travel services and Government departments.

Numbers beginning 09 are 'premium rate' service numbers, while those beginning 118 are directory enquiry numbers.

The cost of calling these numbers is split into two parts:

The access charge

This is the cost of connecting your call from a Onestream home phone. This will be charged at 11p a minute by us.

The service charge

This is the remainder of the cost of the call.

The service charge is decided by the organisation you call, who must communicate it clearly.

For example, if the service charge was 20p a minute, the organisation you are calling might say: "Calls cost 20p a minute, plus your phone company's access charge".

By adding together our standard access charge and the service charge, you'll know exactly how much each call will cost.

0800 and 0808 numbers

Numbers starting 0800 or 0808 will remain free from landlines.
